

LGI Workforce Pro

Talent management

Efficient workforce management relies on comprehensive talent management — one of six essential components in a turnkey healthcare HRIS solution to streamline operations and empower your teams to deliver exceptional patient care:

Automated scheduling

Payroll integration

Human resources

Talent management

Time and attendance

Employee self-services

Foster career growth and retention.

The talent management module in LGI Workforce Pro is a comprehensive suite of services to help healthcare organizations streamline talent acquisition, enhance the onboarding experience, and foster a culture of continuous learning with customizable training content and progress tracking. Additionally, it aligns employee goals with organizational priorities by utilizing data-driven performance analytics and skill management, supporting a cohesive, goal-oriented workforce.

Drive workforce development, support skills-based talent decisions, and align goals with evolving business priorities.

Performance management

An agile solution to achieve a holistic snapshot of employee performance.

Continuous conversation

A team-centric solution that facilitates coaching conversations between managers and employees.

Analytics

Pre-packaged dashboards and reports to identify problems and facilitate decision-making.

Talent review

Align aspirations, careers and opportunities with organization goals and enhance an employee first strategy.

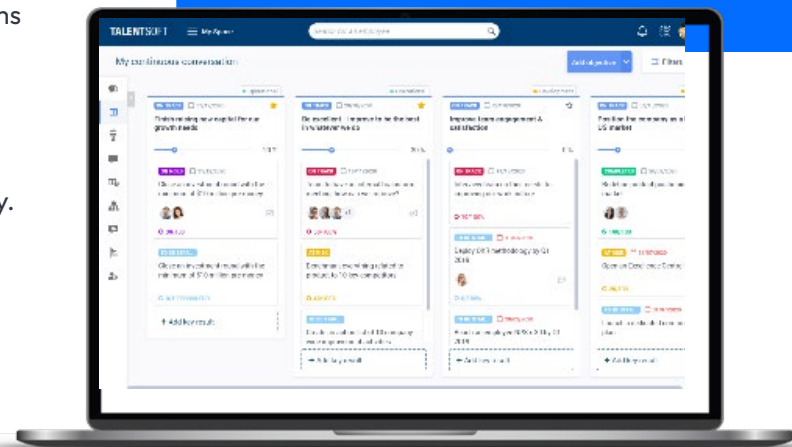

Salary review

Increase employee motivation and engage managers with a streamlined salary review process tailored to unique compensation policies.

Benefits

- Help managers continuously engage and develop their teams
- Evaluate performance and potential organization-wide
- Easily report and act on compensation plans

Your healthcare challenges. Our proven solutions. **Let's talk.**
