

# LGI Workforce Pro

## Time and attendance

Efficient workforce management relies on accurate, on-demand time and attendance tracking — one of six essential components in a turnkey healthcare HRIS solution to streamline operations and empower your teams to deliver exceptional patient care:

Automated scheduling

Payroll integration

Human resources

Talent management

Time and attendance

Employee self-services

### Enhance precision in workforce tracking.

The time and attendance module in LGI Workforce Pro provides Canadian healthcare organizations with powerful, real-time tracking of employee hours, attendance, and absences. This module captures each employee's clock-in and clock-out times with unmatched precision, using advanced biometric verification to ensure reliability and minimize errors.

Intuitive and flexible – and fully integrated with the payroll module – the time and attendance module helps organizations of all sizes track workforce time, record absences, manage daily exceptions and send timesheets for payroll processing.

### Optimize workforce utilization

Gain immediate insights into attendance trends, including late arrivals, early departures, no-shows, and overtime. Make informed decisions on shift coverage and workforce allocation, keeping your healthcare operations running smoothly.

### Reduce administrative burden

Automated time tracking and payroll integration minimizes manual data entry, freeing up time for your HR and management teams to focus on higher-level tasks.

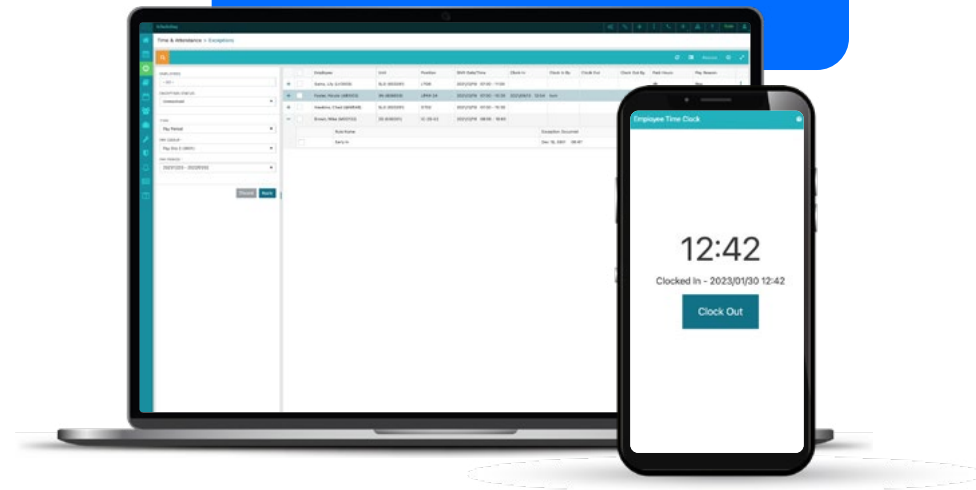

### Enhance compliance and accuracy

Ensure compliance with healthcare regulations and union rules. Accurate, real-time data enables you to adhere to overtime regulations, premium pay rates, and collective agreements with minimal risks of error.

## Benefits

- Automate collection of time entries
- Leverage integration with scheduling and payroll modules
- Reduce payroll errors due to inaccurate timesheets
- Configure rules to comply with specific business and union contracts

Your healthcare challenges. Our proven solutions. **Let's talk.**
